

Vision Insurance

UnitedHealthcare Vision Benefit Rider²

Keep an eye on your family's vision health by adding our optional Vision Benefit rider to your health insurance plan or dental insurance plan today. We'll help keep your family seeing clearly, so you can focus on savings!

Want to know if your eye doctor is in our network already?¹ Use the Provider Locator link on the UnitedHealthcare Vision site to find a provider in your area. Once you are covered under a vision plan, you can use that site to access your vision insurance information, see your claim status, find general vision information, and more.

You may use a non-network provider, but if you stay in our network you are eligible to receive higher benefits.
